

International  
Code of Conduct  
Association

06 April 2022

### **Confirmation of Affiliate Status in Good Standing**

As the governance and oversight body for the International Code of Conduct for Private Security Service Providers ("the Code"), the Board of Directors of the International Code of Conduct for Private Security Service Providers Association (ICoCA) has previously reviewed the application and supporting materials submitted by Metropolitan Security, and found them to be in full satisfaction of the Association Affiliate Status Requirements.

Affiliate status recognises that, by providing details concerning its efforts to implement the Code into its management and operations, a private security company commits to operating consistently with the principles of the Code. As provided in the Articles of Association, companies that formally endorse these Articles, and meet the obligations of the Affiliate category, while not Members of the Association, are subject to monitoring by the Association and must complete the annual Company Self-Assessment. Affiliates will have their status reviewed on an annual basis, based on the progress and continual improvement shown throughout.

The Secretariat is pleased to hereby confirm Affiliate status for Metropolitan Security, and to communicate the Board's congratulations and appreciation for the company's significant efforts towards implementation of the Code. Metropolitan Security was provided with the ICoCA Affiliate logo which the company may display on its website and use in other promotional materials. The Secretariat will be pleased to provide additional confirmation as may be requested by clients or others doing business with Affiliates.

For the Secretariat,

Jamie WILLIAMSON  
Executive Director  
International Code of Conduct Association
